BOARDING REQUIREMENTS AND FEES

Boarding rates: Per Night Rate, Plus NYS sales tax

Cat-$26.00	Hospital Boarding for cats - $53.00
Dogs 0-25 lbs $30.00	Hospital Boarding for dogs 0-25 lbs - $57.00
Dogs 26-50 lbs $32.00	Hospital Boarding for dogs 26-50 lbs - $59.00
Dogs over 51 lbs $34.00	Hospital Boarding for over 51 lbs - $61.00
Other small pets at discretion of facility $20.00	
Fecal test - Parasites - $24.00	Fecal test – Bacteria - $25.00

Please initial each of the following requirements:

- _____Any current illness or abnormality, medications to be given or behavioral information should be discussed thoroughly at admission. If any undiagnosed problems are found at admission (i.e. ear infection, skin disease, diarrhea, etc.) a Doctor's examination is required prior to admission.
- _____ Pet owners should be aware that any new illness or injuries which arise during the boarding period will require a Doctor to examine the pet prior to treating. We will make every effort to inform you of any medically necessary treatment. However, in the event we are unable to contact you we will assume that you want us to provide all reasonable care to maintain your pet's health and well-being and that you will assume financial responsibility for that care.
- _____ Overnight boarding for dogs at the Burnt Hills Veterinary Hospital is an exciting and fun time. Unfortunately it can also be a stressful time for some of our overnight guests. Dogs can sometimes express their stress by developing diarrhea, also known as "stress colitis". As soon as our caretakers notice any abnormal stool it is immediately brought to the attention of one of our veterinarians. With your permission, if your pet develops diarrhea while boarding, we would like to run an in house fecal exam. And, if one of our doctors decides that it is necessary, treat them for stress colitis. This treatment consists of antibiotics (usually Metronidazole) and a bland diet. Other medications may be necessary depending upon fecal exam results. All exam findings and treatments will be conveyed to you when your pick-up your pet. (There is a cost associated with this diagnosis and treatment.) By signing the above consent form you agree to let us diagnose and treat diarrhea while boarding without contacting you.
- _____ Pets, which are over anxious, may be tranquilized as prescribed by the attending doctor to assure the safety and comfort of the pet. (Fee: to be determined by weight of pet) If your pet is particularly unhappy for any reason while boarding at our facility, we will make you aware of the issues and offer suggestions for different arrangements in the future.
- Dogs must be up to date on the following vaccinations: Rabies, Canine Distemper Parvovirus, Bordetella (Kennel Cough), Influenza and have an annual parasite test. They must also test negative for Heartworm Disease.
- Cats must be up to date on the following vaccinations: Feline Distemper, Rabies and have an annual parasite test.
- If your pet takes medication, the medication must be brought in its original dispensing container.
- If fleas are found at your pets boarding admission, flea medication will be dispensed and administered at the doctors' discretion.
- We do not accept raw diets. If any special diet requirements exist, please bring your pets own food or be sure that we carry it here at Burnt Hills. In the event that your pet runs out of the food you have brought in with him we will match that diet as closely as possible with our stocked diets. That food will be billed to you and any unused portions will be given to you to take home.
- We will provide all of your pets bedding, therefore, we do not accept bedding from home.
- We strive to create a stress free environment for your pets. We use product like Adaptil and Feliway that contain a maternal pheromone to help keep your pet calm and relaxed while here.

- **Monday – Friday 9:00am – 7:45pm, Saturday 9:00am – 4:45pm**

Sunday Closed (No Boarding Discharges)

(518) 399-5213

I have read, understand and agree to the conditions and requirements as outlined both here and the attached form for boarding my pet at Burnt Hills Veterinary Hospital.
